SELAN+®

Takes the Mess Out of Zinc Oxide.

Selan+ is a greaseless product that absorbs quickly into the skin without leaving behind the sticky, white and hard-to-remove residue normally associated with zinc oxide products. Use Selan+ products for added protection from incontinence, wound exudates, perspiration and other body fluids. Unlike petrolatum-based products, they will not impede absorption of urine into diapers and disposable briefs.

SELAN+® AF Antifungal Moisture Barrier Cream

There is no longer a need for separate moisture barrier and antifungal products.

Now you can have the proven advantages of SELAN+® with added Antifungal protection.

The 2% miconazole nitrate is an effective treatment against most athlete's foot, ringworm, jock itch and superficial yeast infections. Plus the dimethicone and zinc oxide ingredients provide a barrier to protect skin from incontinence and other harsh environmental conditions.
