- Bleached Oak
- Shiraz
- Candle Light

**Standard Melamine Profiles**

- Essex
- Lincoln
- Kent
- Standard

**Elite HPL Profiles**

- Lethbridge
- Pembroke
- Trenton
- Princeton

An efficient vascular foot rest elevates the legs without the need for pillows/bedding.

Optional 3-Position side assist rail offers dependable ingress-egress support.

Full mobility at any height; staff maneuvers from standing position for safer, quicker relocation.

In addition to the standard pendant controller, a foot-end control with staff-only lockout is available.

Orthopedic grid decks engineered with guaranteed precision robotic welds for flexible, ventilated, no-sag support.
Decks have smooth upper surface for easy disinfection – preferable to decks with protruding welds.

Positively anchored retainers in four corners to eliminate mattress movement and dangerous gaps.

Optional full 360° mobility and lockability at any height for safer, ergonomic bed relocation.

Optional, pleasant to touch molded plastic half-head assist rails. All rails also available in steel.

Bed components are individually powder-coated with a durable, flexible anti-microbial polyester finish.

Optional 3-Position side assist rail offers dependable ingress-egress support.

Optional dollies facilitate easy under-bed service and bed passage on its side through narrow doorways.

Decks have smooth upper surface for easy disinfection – preferable to decks with protruding welds.

The bed adjusts vertically with virtually no horizontal motion, saving space and protecting the bed environment.
Now available: Tool-less expansion to 42”

Attach easy-on expanders tool-less to both sides of the head, seat and foot decks after corner mattress retainers have been removed.

Spring-driven latches beneath the expander units attach firmly to the deck providing a 42” sleep surface for user comfort, fall prevention and ADLs.

Our molded plastic and metal half-head assist rails are both compatible with the expanders, mounting securely to the expanders before installation.

Q-Series

Quality. Detail. Value.

Q-Series standard features include:
- Precision welded orthopedic grid decks
- Durable, anti-microbial polyester powder-coating of metal components
- Smooth deck design for easier cleaning
- Mobility at any height
- Vascular foot rest with easy ratchet operation
- Beds move vertically with virtually no horizontal motion
- Arched legs allow wide stance for clearance and stability
- Honeycomb bumpers protect walls
- Pendant bed controller

Optional features:
- 42” Tool-less bed expanders
- Foot end controller with lockout
- Molded half-head assist rail
- Dollies for streamlined bed logistics and maintenance
- Stylish head and foot board options
- Bed extenders
- Mobility options including floor level locking
