PressureGuard Easy Air® LR
Microclimate Management with Alternating Pressure & Lateral Rotation

Science.
Proprietary design delivers powerful, proven impact on excess moisture and maceration.

Safety.
Minimizes risk associated with transfers, edge-of-bed/entrapment issues, and power loss.

Simplicity.
Ease of operation and cleaning make it equally user-friendly in facility or at home.
PressureGuard Easy Air® LR

Packed with the design innovations that have made Span a recognized pioneer in high-performance microclimate management and pressure management systems:

- **Outer Coverlet**
  - Highly vapor-permeable
  - Superior air flow
  - Wipes clean in place with standard hospital-grade cleaners
  - Zippered, machine-laundryable (air dry)

- **Inner Air Delivery Cover**
  - Dedicated air supply
  - Directs constant stream of air
  - Sweeps away moisture vapor before it can re-form as liquid
  - Reduces maceration

- **Proprietary Air Diffusion Matrix™**
  - Three-dimensional liner helps ensure uninterrupted air flow in both cover and coverlet.

- **Treatment Flexibility:** Select one of three therapy modes:
  - **Alternating Pressure**
    - Gently changes loading across the surface (15-minute cycle).
  - **“Float” mode**
    - Provides active, powered flotation therapy.
  - **Lateral Rotation**
    - A versatile modality indicated for a variety of needs (15-minute cycle).

- **PressureGuard Design:** Integrated air system/engineered foam shell with "Safety Edge" bolster system delivers superior edge-of-bed safety, stability and comfort.

- **Does not deflate** during power interruption and transport.
- **Timed (30-minute) Auto Firm** mode for added stability during transfers and ADL.
- **Simple comfort adjustment,** including ultra-soft “Max Immersion” setting for users under 120 lbs.
- **Lockout function** eliminates accidental or unintentional changes.
- **Normal/Low Pressure** indicator.
- **Streamlined, lightweight** control unit.
- **Efficient:** Uses less than 15 watts.
- **Generates less heat, noise** than traditional roll-up surfaces.
- **Recessed, shielded connectors** for protection from impact, damage.
- **Detachable power cord** for easy replacement.

- **Specialty model** accommodates recessed deck (“V-deck”) frames.

8210 | Easy Air LR Control Unit

**Weight Limit:**
500 lbs all models (350 lbs effective limit in Lateral Rotation mode). 39”, 42” and 53” widths accommodate wider, non-bariatric beds for users up to 500 lbs. Bariatric (Easy Air XL) models also available for users up to 1000 lbs.

**Flammability:**
Conforms to NFPA 101 (Life Safety Code); Cal. TB 117; ASTM E1590; and 16 CFR Parts 1632 and 1633.

**Complete System Includes Mattress, Control Unit, and Coverlet.**
To order coverlet only, add “CLT-” to part number (example: CLT-L8035LR). Mattress Weight approx. 22 lbs. Two-year warranty (all components).

**Control Unit**
Dimensions: 12” x 9.5” x 7” – Weight: 6 lbs. – Leakage Current: <250 micro-amps Voltage: 120 AC – Max Current: 1.0 Amp Frequency: 60 Hertz
